Heal Educate Empower

Violence against women is rooted in the belief that women deserve less social power and it is therefore acceptable - maybe even necessary - to exert power over them. This mindset also drives many other forms of violence, such as racism, homophobia, classism, ageism, and religious persecution.
**Our History**

**My Sister's Place** came into being as a result of a small group of concerned community members coming together in 1977 to discuss issues of growing concern within Alliston.

One of the key problems identified, was how to address the needs of women who were presenting themselves at local churches, the hospital and other agencies suffering from physical and emotional abuse.

From these meetings a Steering Group was created. Statistical information was gathered from Stats Can, the provincial government of the day, local police detachments and from health agencies.

All of this gathered information proved that abuse was widespread in this area, and appeared to be growing worse. At this point, members of the Steering Group approached the municipal governments and requested support to open a women’s shelter. While seeking financial support, it was more important that acknowledgement be given to this widespread problem. The Ministry of Community and Social Services were very supportive of a women's shelter during this period. Through their direction, a different kind of agency was established known as the Contact Information Agency. This agency was a community-based agency, run by a volunteer board with an executive director, and initially it provided women with a “Listening Ear”, contact numbers and community referrals to other agencies.

The committed group of like minded individuals persevered and in 1987 the agency called “People In Transition” was incorporated, and a house was bought on Albert street in Alliston. In May 1987, My Sister's Place opened.

Since 1987, My Sister's Place has evolved significantly in order to meet the demands of the communities it serves. More programs and services, along with professional staff were added to meet the needs of the women and their children as well as expansion of their services to all of the South Simcoe area. Today the organization continues to grown with outreach programs as well as transitional and affordable housing supports. The legal name remains as “People In Transition Alliston Inc.”, however the organization is better known as My Sister's Place.

Our Volunteer Roles

**Events:** This role is diverse and multifaceted. Event staff could mean set up, take down, staffing awareness booths, fundraising kiosks, or operating a game. The event will determine the roles our volunteers will play. This position is great for any level of experience or ability and is flexible in time commitment.

**Fundraising:** This role is a crucial position in our organization. It could mean selling tickets, soliciting prizes or auction items, utilizing social media to promote, helping with fundraising packages and in some cases standing in the middle of the road in a Road Toll Campaign (Don’t worry you are protected). This role is great for a person who is high energy, knows a lot of people, has great connections or is willing to make them. This has a flexible time commitment as well.

**Public Awareness:** This role is about getting our message and services out there. It often means staffing an awareness booth, providing businesses with our literature, offering support via social media, and potentially educating the public through talks, workshops, speeches or school engagements. The sky is the limit for this role and it is great for a person who is outgoing, compassionate and may have a background in Public Awareness or in social services. Flexible time commitment for this role.

**Administration Support:** This role assists our administrative staff with jobs pertaining to organization, filing, shredding, printing, and putting together information. It requires a detail oriented person that is able to be flexible in their time.

**Donation Management:** This role assists our Volunteer Coordinator with the inventory and organization of donations to the shelter. It is a position that is available once a week and is often done in teams of two. The minimum time commitment for this role is once a month. During the holiday season this role proves to be very busy and may require further volunteer hours.

**Property Maintenance:** This role is for the outdoor maintenance of the shelter including the grounds, gardens, walkways, driveways, and for doing general handy person repairs. This role is great for someone with a love for working outside and for someone that is able to repair minor household items. The time commitment is more extensive in this role and will be based on the needs of the organization.

**Shuttle Service:** This role requires a person to provide shuttle service to appointments for our clients. It requires you to have your own vehicle which is in good repair, and 1 million dollars in valid insurance. The time commitment for this is weekly, Monday to Friday by appointment only and we compensate for the mileage. This is a role of trust and will require further supplementary information to be supplied to our organization. This position would be best suited for a person with a social services, legal or police background and an excellent knowledge of the South Simcoe area as well as Barrie.

**Board Member:** This position has a set of guidelines and regulations and if you are interested in being a part of this role then we will provide you with that information upon request. A significant time commitment is required for this role as there are monthly meetings. Board Members attend events and they are also on the secondary committees and assist with fundraising.

Myth: People with disabilities are more inferior then “normal” people and their lives are very different.

Fact: What is "normal"? We all have different abilities, talents, interests and personalities — you name it! People with disabilities go to school, get married, work, have families, play, do laundry, go shopping, eat out, travel, volunteer, vote, pay taxes, laugh, cry, plan and dream — just like everyone else. People with disabilities are us!

Why do I need to fill out this application to Volunteer?
Volunteering is a very important job, and we really appreciate people like you taking out time to give back to your community. In order for us to provide you with an amazing volunteer experience we require more information about you, your background and your interests. This application also allows you to get a better understanding of My Sister's Place and make sure that we are the “right” fit for you.

If I fill out an application and submit it, does that mean I am now a volunteer for My Sister's Place?
Not quite, first we have to make sure that all the information in the application is complete and then you will move on to the next process which includes the training portion. After you have succeeded in these areas then we will be happy to welcome you as a volunteer for My Sister’s Place!

What is the Confidentiality Agreement?
The Confidentiality Agreement is just that. It is a contract between you and My Sister's Place that states what is expected of you and our code of ethics in relation to sensitive information. Please read the contract carefully, and should you have any questions please contact Sheila, our Volunteer Coordinator to assist you further.

Why is it important?
Confidentiality is essential in our roles as volunteers for My Sister's Place regardless of what position you have volunteered for. Most positions with My Sister's Place are not within the shelter or working with the women that utilize our services, as we leave this up to trained professionals. However, that doesn’t mean that we do not get information or come into contact with individuals who have used our services in the past or are using them currently. With that, we want to ensure that our volunteers honour our code of ethics in relation to confidentiality. We ask that all persons representing our organization complete this confidentiality agreement and return it with their completed orientation package.

What is a Criminal Record Check and Vulnerable Screening?
A police records check and vulnerable screening is two separate checks done with the police department and RCMP. They will check your police record to ensure there are no offences that would deem you ineligible to volunteer with My Sister's Place. Depending on the information of the records My Sister’s Place will make the final decision as to whether or not you will be suitable for your position at My Sister's Place. The other piece is the Vulnerable Screening and this checks for offences against vulnerable populations such as children, persons with disabilities...etc. For more information on the Police Records Check or Vulnerable Screen go to your local police stations website or call the Police station for more information.

Why is it important to have?
My Sister's Place has a wide variety of volunteer positions and we have elected to keep our records and regulations the same for volunteers as it is for our staff. We want to ensure a level of safety and transparency of people representing our organization. It is important for us to have up to date checks and all of our employees and volunteers police checks are done repeatedly throughout their tenure with us.
What is Accessible Customer Service Training?
Accessible Customer Service Training is customer service training based on the components of the Accessibility for Ontarians with Disabilities Act, 2005. All organizations have a responsibility to train their staff, volunteers and third party workers who interact with the public on Accessible Customer Service practices. You will be provided a document that will train you to provide Accessible Customer Service. Once you complete the training portion you will be given a link to an online test on the information. You will receive instant results and a certificate with a passing mark. We will be emailed your results as well, which will be attached to your orientation package.

Why is it important to be Trained?
There is a significant population of persons with disabilities in Canada. We want to make sure that ALL persons are able to not only access our services but our information. Everyone that interacts with the public is trained in how to accommodate a person with a disability in order to maintain their dignity and independence. We believe that this is important to offer better service and be better citizens within the community. This component is also the law, and we are happy to abide by it.

What is the process after my application is submitted?
Once you have submitted your completed application we will contact you to discuss your potential role with our organization. We will supply you with a log in and password for the Accessible Customer Service Test and then we will wait on your Criminal Record Check to come back. Once you have met all of our requirements then you will visit the administration office to pick up your Volunteer Attire (if applicable) and be given dates based on your availability as to when you will begin your role with My Sister's Place. We will take a picture with you to post on our social media to brag about the great new Volunteer that is joining our group. (This part isn't mandatory if you would prefer not to have your picture taken)

If I am a student volunteering for my community hours when will those be recorded?
Once you have completed your hours for the day, regardless if you are coming back the next day, or perhaps the next week, each hour that you volunteer will be recorded by one of our staff at the end of the day. If you are a co-op student the record will be kept similarly, but the process is different and it will be discussed at your orientation.

What if there is a group of us that all want to volunteer, do we have to go through this same process?
We welcome group volunteering as it is a great way to connect, build relationships and support the community. Many business are engaging in this practice with their employees to keep up morale. With that being said, please request our group volunteering package from our administrative office. The process is different and the documents are submitted as a group.
